

This image shows a blank ledger page with a grid of columns and rows. The grid is divided into several vertical sections of varying widths, with a prominent double-line separator near the right side. The grid consists of 24 columns in total, with a double-line separator between the 14th and 15th columns. The columns are arranged as follows: 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), 1 column (width 1), and 1 column (width 1). The rows are uniform in height and extend across the entire width of the page.
