

JNPT Power shutdown on 1st May 2021 Update 2

Customer Advisory # MUM/2021-2022/028

21st April, 2021

Dear Valued Customers,

Further to our advisory dated 20th April 2021 in regards to JNPT Power shutdown on 1st May 2021 we have received further updates as below.

Below is the Quoted message from JNPCT.

Quote

1. It is planned to carry out planned preventive maintenance works at 220 KV switch yard, 33 KV panels installed at M.U.S.S & E-4 to E-7 substations in port area from 0800 Hrs to 1600 Hrs on May 1, 2021. During this period power supply will not be available in Port area and township.
2. Supply to Reefer points at E-6 (A) sub-station will be fed from diesel generator sets installed at the substation.
3. Power supply to Reefer points at E-5 sub-station will not be available, hence it is requested not to stack any reefer cargo at the reefer yard behind E-5 sub-station.
4. Efforts will be made to provide Power Supply to POC building, Fire station, container gate, VTMS through generator at E-5 substation after 1400 Hrs.

Unquote

Hence we request all our customers to plan your container gate - in accordingly.

ONE would like to take this opportunity to thank you for your continual support and for trusting your valuable business to ONE.
