APM Terminal, Nhava Sheva: Early Gate-in for exports - by road containers

Customer Advisory # MUM/2020-2021/206

2nd June, 2021

Dear Valued Customers,

We would like to share the below details reg early gate in of containers at the terminal. Below is the message from APMT, Nhava Sheva.

Quote

This is to advise you that the terminal has made arrangements to extend *Early Gate-in* facility for export containers.

Basis feedback and requests received from the trade, export containers, on occasion, arrive prior vessel gate opening and thence have to wait for the vessel gates to open. To minimise the waiting time for such containers, the terminal shall allow such containers to gate-in, in limited numbers, to support the export trade. These containers shall be gated-in basis suitable additional service request (ASR) from the respective shipping line. The number of containers that may be gated-in prior vessel gate opening hours shall remain within operational and regulatory limitations.

Unquote

Kindly note there will be ASR (Additional Service Request) & ground rent charges applicable for all such dry containers which will be gated in at the terminal under early gate in.

For Reefer containers, other than above charges, Plug-in/Monitoring charges will also be applicable. Requesting our customers to settle these charges enable us to ensure smooth bl release.

Please contact our Sales or Customer Service representative for any clarification.

For, **Ocean Network Express (India) Private Ltd.**
