Cargo Height Limit for OOG Cargo at APM Terminal

Customer Advisory # MUM/2019-2020/164

27th February 2020

Dear Valued Customers,

We have been given to understand from APM Terminals Mumbai that the designated gate for all Out-Of-Gauge (OOG) cargo handled at the terminal is the South Gate Complex of the Jawaharlal Nehru Port.

Further, the Port has commissioned construction of a bridge which is passing over the road leading to the South Gate Complex. In view of ensuring safety due to the given ongoing construction work, they have advised to ensure that the maximum total height of any OOG cargo being transacted at the South Gate Complex, must not exceed 5.5 Metres (inclusive of the trailer/carriage) from the ground level.

We shall keep you updated of further changes/relaxation to this limit as the construction is in progress.

ONE would like to take this opportunity to thank you for your continual support and for trusting your valuable business to ONE.

For, **Ocean Network Express(India) Private Ltd.**
