Notice of Inland Emergency Fuel Surcharge ***Canada and the United States Inland Haulage Fee***

Update on March 20th

Dear Valued ONE Customers,

Recent developments in the Middle East, including the effective closure of the Strait of Hormuz, have had a substantial impact on fuel availability and distribution worldwide.

To continue providing reliable and sustainable inland transportation services under these exceptional circumstances, Ocean Network Express (ONE) will implement **Inland Haulage Fee ‘ IHD (inbound) / IHL (outbound) ’** as an emergency fuel surcharge for inland transportation. ONE will perform monthly evaluations to adjust this quantum based on the latest diesel price trends. Please refer to the IHD/IHL tariff from the table below.

With the implementation of IHD/IHL, **all shipments including additional inland haulage into/from the US and/or Canada will be assessed for both EFS (for ocean transportation) and IHD / IHL (for inland transportation)**. Please refer to the latest EFS tariff in the [appendix](#).

Effective Date: April 18th, 2026 ⁵

Applicable Scope: All shipments from/to Canada and the US inland ¹
(*Excluding Guam, Saipan, Puerto Rico, and American Samoa)
